POWELL

A photograph of a white granite headstone in a cemetery. The headstone is rectangular with a slightly arched top and is mounted on a wide, low base. The name "RUSSELL" is engraved in the center in a serif font. The stone is set in a grassy area with other headstones visible in the background. Large trees with green foliage are behind the stone, and a white fence is visible in the distance. The lighting suggests a bright, sunny day.
